TALK OF RUSSIAN PEACE COUNCIL AT THE HAGUE BELIEVED INSPIRED BY GERMAN SYMPATHIZERS

New Red Cross Headquarters Serves a Double Purpose

Two of the scenes at the dedication of the Red Cross memorial building a few days ago are depicted here. In the upper picture may be seen, left to right President Wilson, Secretary Lane, Ex-President Taft and Mrs. Wilson. The lower picture shows a body of Red Cross

nurses marching past the building and saluting the president, who is the head of the American Red Cross. The building is intended to serve a double purpose, as national headquarters of the Red Cross and as a memorial to the women, northern and southern, of the civil war. It was built by the government at a cost of \$800,000.

FINAL ACTS IN WAR LAW ENACTMENT

Speaker Clark Attaches His Signature.

By Associated Press Dispatch. Washington, May 18.—Final legislative formalities were attached to the war bill today, and it was prepared for President Wilson's signature. Speaker Clark affixed his signature shortly after noon, and the parchment was sent over to Vice President Marshall for his. President Wilson's approval was the next step.

FIFTY OHIOANS NAMED TO AID IN RECRUITING

By Associated Press Dispatch. Columbus, O., May 18.—Governor Cox today made public a list of names of fifty men, from points in Ohio, who will compose the Ohio Committee of

the Navy League of the United States, which is aiding in recruiting men for the United States Army.

Among members are J. C. Anderson of Chillicothe, and Frank A. Peele, of Wilmington.

WAR TAX DEBATE IS VIGOROUS

By Associated Press Dispatch. Washington, May 18.—Rerunning debate on amendments to the war tax bill, the House today, by a vote of 123 to 54, refused to strike out the section designed to levy a retro-active tax of one-third the amount of last year's income taxes.

Vigorous opposition to the section was led by Representative Madden.

Representative Fess of Ohio also attacked the section as dangerous, because of the possibility of its setting a precedent for a wide range of retro-active taxes.

Replying to Mr. Fess, Representative Green of Iowa declared that members seemed determined to tear down the bill without offering substitute for sections they would strike out.

Council Representing Peasants Now Gathering in Petrograd. Cabinet Crisis is Believed by Close Observers to be Far From Satisfactorily Solved.

SPANISH CABINET IN EXTRA CALLED SESSION HONDURAS MAY SEVER WITH GERMANY

Sinking of Spanish Steamer Certain to Draw Sharp Note From The Dons and May Result in Break With Teutonic Allies.

London, May 18.—(Associated Press Cable)—According to an Exchange Telegraph dispatch from Amsterdam, it is rumored at the Hague that a truce is about to be arranged between Russia and the Central Powers as a result of the political changes at Petrograd. The rumor is characterized as being of German origin.

CABINET IS FORMED

Petrograd, via London, May 18.—(Associated Press Cable)—The formation of a Cabinet, in which six Socialists are included, has been completed.

PEASANTS COUNCIL NOW GATHERING

Petrograd, via London, May 18.—(Associated Press Dispatch)—A congress of 569 delegates, purporting to represent the peasants of all Russia, has assembled here. The program covers three points:

First, the crystallization of opinion of the peasant class on all vital national subjects;

Second, the necessity of impressing on all citizens that the new freedom brings not only new rights but new duties;

Third, the safeguarding of the interests of the whole country.

The honorary chairman pointed out at the opening of the congress the necessity of the resumption of active operations on the front.

The Minister of Agriculture urged the necessity of keeping up the supplies of food and munitions, without which he warned the delegates it would be impossible to continue the war or to conclude peace.

CRISIS UNSOLVED

Petrograd, Thursday, May 17, via London, May 18.—(Associated Press Cable)—It is announced unofficially that the Ministerial crisis has not yet been solved.

AN EXTRAORDINARY MEETING OF CABINET OF SPAIN CALLED TO DEAL WITH CRISIS

Madrid, via Paris, May 18.—(Associated Press Cable)—An extraordinary meeting of the Cabinet was called yesterday evening immediately upon receipt of news of the sinking of the Spanish steamer Patricio, of 3,500 tons.

The account stated that the crew was saved, but that one sailor was seriously wounded.

The Government authorities were extremely reserved as to the result of their two-hour deliberation on the case, but it is supposed that the Cabinet has decided to send another note of the most energetic character to Germany.

A violent clash between Francophiles and Germanophiles occurred here last evening as the outcome of arguments over the Spanish note to Germany concerning the sinking of the Spanish steamer San Leandro.

Several hundred persons took part in fist fighting, and some of them used canes during the encounters.

HONDURAS SEVERS RELATIONS

Washington, May 18.—(Associated Press Dispatch)—Honduras has severed diplomatic relations with Germany, following the lead of Guatemala.

UNEXPECTED DEVELOPMENTS

Petrograd, May 18.—(Associated Press Cable)—The news yesterday that an agreement had been reached between the provisional Government and the Council of Workmen's and Soldiers' Delegates was followed unexpectedly last night by an official announcement that the Ministerial crisis has not yet been settled.

This morning, however, it was made known officially that the formation of a coalition Cabinet had been completed.

The official statement says six Socialists are included. The new Cabinet will follow the lines agreed on previously for representation of the various Socialist groups.

J. A. ROOSEVELT IS A PLATSBURGER, LOOKS LIKE "TEDDY"

J. A. ROOSEVELT (THE COLONEL'S DOUBLE AT PLATTSBURG)

One of the most observed figures at the officers' training camp at Plattsburg is J. A. Roosevelt, whose resemblance to the most famous members of the Roosevelt family is frequently commented upon. Mr. Roosevelt is a member of Company 7 at Plattsburg and one of the contingent which reported for duty on May 12.

BULLECOURT IS NOW HELD BY BRITISH

Tremendous Sacrifices Made By Germans Were in Vain.

Germans Admit Defeat in Official Statement.

By Associated Press Dispatch. Bullecourt is at last in British hands.

The tremendous sacrifices made by the Germans have proved in vain, and the flames of burning towns behind their lines gives color to reports that Field Marshal von Hindenburg is contemplating another strategic retreat.

The capture of Bullecourt has brought the British to within two miles of Quent, on the northern side of the famous switch line.

Bullecourt itself stands on a height overlooking a broad valley which runs directly to Quent.

It presumably will take some time for the British to establish their head-

OHIO GUARDSMEN CALL TO COLORS ASSEMBLE JULY 15

vy guns on this height, but the fate of Quent seems sealed.

Today's news from the Italian front gives the number of prisoners taken by the Italians in their new offensive at 6,432.

It is announced that British heavy artillery is assisting General Cadorna's forces in their offensive.

From Berlin comes a German official admission of the evacuation of Bullecourt, the complete possession of which by the British was announced by London last night.

Official Notification Not Yet Received at Columbus.

Will Go Into Training Somewhere in the South.

Officials State Everything Is Ready to Begin Service.

By Associated Press Dispatch. Washington, May 18.—The Ohio National Guard will be called into the Federal service July 15, it was definitely announced today by the War Department.

By Associated Press Dispatch. Columbus, O., May 18.—The official information from Washington calling out the National Guard had not been received at the Governor's office nor by the Adjutant General's office today, but the Ohio military organization is prepared to start activities with a definite date of assembly fixed.

Immediately upon receipt of the official order from Washington, messages will be rushed from the Adjutant General's office to the colonels of each regiment in the Ohio Guard and to commanding officers of separate units.

Dispatches from Washington, saying Governors will be authorized to recruit organizations to war strength, mean that the Ohio Guard now is just half the size it must be.

There are now 600 officers and 13,000 enlisted men enrolled. War strength, on a basis of 800 men for each senator and congressman, means 19,200 men.

Full war strength means 25,054 men, 5,859 more than Ohio's quota.

These figures, from official sources, were given out on the assumption that Ohio guardsmen will form a complete division.

The Ohio guard will be in the southeastern cantonment camp, which means that militiamen will go into training camps somewhere in the south.

Chickamauga Park, Tennessee, has been reported as a possible site for Ohio's training ground.

There was some question over Ohio's divisional unit proposal, when the unofficial reports from Washington contained the information that Ohio and West Virginia troops would form a division.

In that event, the appointment of Adjutant General George H. Wood as the major general of the proposed Ohio division, announced this week by Governor Cox, may not be considered at all by War Department heads, because the Governor would have no authority to name a major general where troops of another state are combined with the Ohio troops.

BILLION TO ALLIES BY JULY 1

Liberty Loan Depositories.

By Associated Press Dispatch. Washington, May 18.—Proceeds of the Liberty loan, the Treasury Department announced today, will be deposited in banks and trust companies, which have qualified as depositories, which forward subscriptions of at least \$100,000.

Where possible, other financial institutions forwarding a less amount of subscriptions will be treated similarly later. The Government will pay 2 per cent interest.

The Government's apparent intention to advance approximately one billion dollars to the Allies before July 1—\$570,000,000 of which already has been paid—is reflected in a request of Secretary McAdoo to the banks to take as large amounts of treasury certificates as possible, "and at least equal to 50 per cent" of the payment they will have to make on subscriptions.

THIRD OFFERING

By Associated Press Dispatch. Washington, May 18.—A third offering of treasury short term certificates of indebtedness has been authorized.

The new block of certificates will be issued up to \$200,000,000, to mature July 30 and bear interest at the rate of three and one-quarter per cent, an increase of one and one-quarter per cent over the last issue.

The issue will be placed, it is understood, through the Federal Reserve banks, as were the two previous issues, and will be convertible into liberty loan bonds upon maturity.

RAILROADS READY TO BUILD TRACKS FOR GREAT CAMP

Pennsylvania and C. H. & D. Would Construct Extensive Siding Leading Into Government Camp if Located on Persinger Farm—Requirements for Camp Site.

Announcement has been made that the Pennsylvania Railroad and C. H. & D. Railroad stand ready to build spurs, sidings and yards necessary for handling the great number of cars and trains necessary for the government training camp if it is located on the Persinger farm east of this city, as expected. If a spur is necessary to connect the two railroads, it, too, would be constructed, and if the camp becomes permanent, double tracking of the Pennsylvania into this city is very probable. Several miles of sidings would probably be necessary.

The State Highway Commission has given every assurance of full co-operation in the paving of the Circleville pike from this city to the White pike at Johnson's Crossing.

Within the next few days the official board to pick the site, headed by Colonel Carl Reichman, is expected to visit the Persinger farm as well as a number of other sites in prospect, so there will be no delay when closing negotiations for the site is authorized. A great many citizens are keeping in touch with the situation and working for the camp near this city.

The requirements of the camp, as officially announced, are given below: It is impracticable to specify the amount of terrain that will be required for the training of commands of the various sizes. Local conditions and the difference in terrain will have to be considered in each case by the department commanders and the boards concerned. It is essential, however, that each camp site—

- Be of sufficient size to accommodate the command without crowding.
- Have an adequate water supply for both the men and animals to be encamped thereon.
- Contain within itself or be located within convenient distance of an adequate training area.
- Contain within itself or be located within convenient distance of suitable ground for target practice.
- Be located upon or near a railroad of sufficient capacity to insure the convenient supply of the command and its prompt movement in case of need.
- Can be leased (if not already owned or leased by the Government)

for one or two years, with the option of renewal from year to year for about five years.

- Be immune from floods and inundations.
- The following very desirable features should be secured whenever practicable:
 - The soil should be sandy loam with good drainings.
 - The surroundings should be healthful.
 - An "A" and a "B" range within convenient distance.
 - An artillery range within convenient distance.
 - The site should afford natural bathing facilities, such as streams, lakes, or the sea.
 - The site to be adjacent to a city or large town containing facilities for healthful and attractive recreation.
- The following desirable features are not so important as those enumerated under (6), but they should not be overlooked as they tend toward efficiency, economy and the welfare and contentment of the command:
 - Roads, good or potentially good.
 - In frequent interruptions to training by inclement weather.
 - Grazing for animals within convenient distance.
 - Absence of insect pests.
 - Good strategic location.
 - Location central with respect to training area.
 - Material for temporary shelter locally obtainable in sufficient quantities at reasonable prices.
 - Mechanical, skilled and common labor locally obtainable at reasonable prices.
 - Site and training areas donated or offered at low rental.
 - Good markets at reasonable prices.
 - Adequate local control of social evil and the liquor traffic.
 - Adequate local regulations of monopolies and price-discrimination.

LIBERTY BONDS IN DEMAND IN FAYETTE

The "Liberty Bonds" of which the banks of Fayette county have subscribed \$67,500, are now beginning to move in this county, and demands for the bonds in amounts from \$100 to \$1,000 have been received by the banks, many customers calling by telephone and ordering the bonds.

The bankers are pleased with the rapid manner in which the bonds are being taken, not only because the investment is gilt edge but because taking the bonds is a patriotic duty.

The bonds pay 3 1/2 per centum annually, and if an issue for a greater per centum comes later, the holder of the "Liberty Bonds" can exchange same for the issue bearing greater interest rate.

All persons who want the bonds are urged to order them without delay to insure obtaining the same.

They can be obtained at any Bank in Fayette county.

BUICK BIG SIX CAR IS A "PEACH"

The Johnson Auto Sales Company has delivered to Mr. R. C. Peddicord one of the handsome new Buick Big Six, model 49, automobiles, and the car is attracting widespread attention and is generally admired by automobile lovers.

The big car is of 60 horse power and the body is painted a bluish-grey shade which promises to become so popular in automobiles.

SECOND LICENSE IN THREE WEEKS

The second marriage license issued by the Fayette Probate Court in the past three weeks was granted, Thursday evening, to Robert Lindsey, 22, mechanic, of Madison Mills, and Della Judy, 19.

Ordinarily in the same length of time in late April and the forepart of May the number of licenses issued is 10 to 15.

MORE TROOPS PASS THROUGH THE CITY

Another train load of troops, supposed to be new recruits, passed through the city Thursday evening, without previous notice of their coming.

In moving the troop trains even the operators are not informed as to what the trains contain, or their destination.

ROMANCE ENDS IN DIVORCE ACTION

In the court of common pleas, Friday, Rosetta Zimmerman filed action for divorce, alimony and custody of the three-year-old daughter, from Fred Zimmerman, whom she accuses

of brutally striking and cursing and otherwise abusing her upon numerous occasions.

Plaintiff, who is represented by Maddox & Maddox, declares that on January 7th and April 29th of this year the defendant struck her, cursed and abused her, and upon the first occasion was placed under a peace bond.

The romance which resulted in the marriage of the couple started while they were attending the Washington high school, and the pair eloped to Kentucky and were married in Newport, November 3, 1913.

MAN IS ARRESTED NOW ON WAY BACK

George Ortman, east end grocer who left home some three weeks or a month ago, deserting his wife and five children, has been arrested in Cleveland, and is expected to reach this city this evening in the custody of Sheriff Jones, who went to Cleveland after the man.

Ortman will face two or three charges when he comes before Probate Judge Rell G. Allen.

Clara Kelly, with whom the man is alleged to have been when he left this city, is now doing time in the Marysville reformatory after pleading guilty to charges growing out of her association with the man.

BROMLEY'S LAST WEEK IN NEWARK

This is Evangelist Henry W. Bromley's last week in Newark, where he has conducted a series of successful meetings, and with the close of the series he will rest part of the summer at his home in Kentucky.

So far he has enrolled some 1800 converts at Newark, and has brought about a better condition of affairs in that city.

Before the meetings close Rev. Bromley expects to have more than 2,000 enrolled.

Sunday will be the closing day of the meetings.

CAN YOU KNIT?

If so you are asked to help make garments for sailors on the battle ships.

The Navy League of the United States is asking the women to do this work and it will be started in this city, Tuesday evening the 22nd at 7:30 at the regular meeting of the National League for Women's Service at the Federated Club rooms.

Miss Carrie Anschutz will instruct in the knitting. Anyone willing to knit is urged to come.

Straw Hat Time

IT'S TIME to put away that felt hat. Warm, summer weather will soon be here and your "felt" will be uncomfortable—to say the least.

Besides that, every good dresser wants to be among the first to put on a "straw." There's a good deal of satisfaction in being recognized as "right up to now" in the matter of dress.

Come in and inspect nineteen seventeen's new styles—they're here in a big variety of shapes, and YOUR style is pretty sure to be included in the selections.

OBTAINING FUNDS IN HIGHLAND FOR PROPOSED HIGHWAY

Tom Morgan, the man who is boosting the Sherman-Sheridan Highway and who at present time is soliciting funds along two or three proposed routes of the road, including through Fayette county, is now actively engaged in Highland county where he is urging a large membership to the "Sherman-Sheridan Highway Association" in order to bring the road through that territory.

As a result of the activities elsewhere and lack of thorough understanding of just what Mr. Morgan is desiring to do, the work in Fayette county has been slow, and the membership of the Association is not large.

Following an address delivered by Mr. Morgan in Hillsboro, a large number of persons, impressed with the appeal made, signed up as members of the association and paid their "dues." This is being done at other points along the proposed road.

Whether Mr. Morgan hopes to bring the highway up from Cincinnati through Hillsboro or part of Highland county, and to this city, or whether he proposes to have the road go through Greenfield or some other point and eliminate the proposed road through this county, is not clear, but funds are being subscribed along various routes, and when the route is definitely fixed, it is pointed out that there will be but one road.

"HIG" CORWIN SIGNS WITH THE CLINTONS

Manager Sharkey announced today that "Hig" Corwin star short-stop for several seasons of the Washington C. H. Athletics had been signed to cover the short position for the Clintons. He will make his appearance in local uniform next Sunday when the season is opened against the Springfield Reds. "Hig" has been the stumbling block for the Clintons for three seasons in the "world's series" games with the Fayette tossers, and in almost every game that was won by the Washington team, Corwin won it either by superior fielding or strong stick work. The locals are only too glad to get Corwin in the line-up.—Wilmington News.

SAVINGS IDEA IS A POPULAR ONE

That the new savings idea which is being encouraged among the school children by a systematic plan under the direction of the school authorities is a popular one, is attested by the fact that dozens of the boys and girls already have opened their savings accounts, and dozens of others will do so within a very short time.

It is a matter of great pride among the youngsters to say that they have a bank account, and the matter is freely discussed by the little bankers.

In one school room there are 35 pupils, 29 of whom had savings accounts and nine made application for accounts under the new plan.

FRUIT PROSPECTS ARE VERY GOOD

Fruit prospects in Fayette county are very good, and the apple crop this season is expected to compare well with an average. The peach crop and cherry crops will be comparatively light, but most other fruits will, unless killed from the present date, be a good one.

The berry crop will be good, although the late frosts did some damage to the strawberries.

Indications are that there will be no further frosts this spring, and all fruit growers are now expecting a good yield.

KNIGHTS TEMPLAR TO ATTEND FUNERAL

The Knights Templar of this city will attend the funeral services of Mr. Harry Christopher, in Greenfield, Saturday afternoon, leaving here at 12:00 o'clock, or probably a short while before that hour.

MANY ENTRIES IN AUTO RACES

By Associated Press Dispatch.

Cincinnati, May 18.—A positive avalanche of entries descended upon the officials of the Cincinnati Speedway during the past few days, justifying the prediction that the field which will face the flag on Decoration Day, May 30, in the Second Annual International Sweepstakes race, will be as large and classy as any that will start in a championship race this year.

With the race nearly two weeks off, and the qualification trials set for next Saturday, the list of entrants already embraces practically all the noted drivers who will race on the various big tracks this season, this gathering being really the first comprehensive convention of speed kings in 1917.

To date a total of thirty cars have been entered in the race, with drivers named for a great majority of them.

"At Once, Sir!"

The American destroyers have arrived on the other side to begin the actual warfare against the submarine pirates.

That the American crews will give a good account of themselves is a foregone conclusion. They are ready—fit and anxious—to do their part.

When, just as soon as the very brief formal greetings were concluded, the British Commander asked the Americans how soon they would be ready for active service, came back the characteristic response "at once" the evidence of efficiency was conclusive.

The British scarcely expected the Americans to be ready for action immediately upon concluding their long sea voyage and were a little surprised. They were ready when they landed and they were ready all the way across, they were ready when they started for the war zone and they'll be ready at every call until the sea is swept clear of pirates and international law and the law of humanity resume dominion on the seas.

Old glory flying from the mast head of the destroyers and battle ships of the American navy is at once a defiance to the outlaws of the seas, a promise to humanity, and an assurance that the best gunners in all the world are ready "at once" to begin work.

That's not jingo, that's fact. It wasn't jingo when the Americans told the British that they were ready to get into service "at once." It was a fact.

The Home Gardeners

The home garden club members are able now to get in some work which is certain, later on to bring gratifying results to pride and in produce.

Since the clubs were organized last winter and the gardens all planned out around the warm fires, the club members have been waiting to get away with a good start.

The warm sun of this week has brought the long looked for opportunity to hand but, at the same time, it has reduced the ambition and weakened the muscles to such an extent that a call to patriotism is necessary to bring about the actual work which we have waited so long to be able to perform.

The home garden movement is not a fad by any means. It is a real and substantial movement designed and destined to bring practical returns.

The movement is peculiar to no one community. It is state wide and nation wide.

We here in Washington wonder if other communities are doing as much as we are in the home garden movement.

Well Washington people, young and old, are doing their part in the patriotic task. Individuals are actively at work now that the season for work has arrived and organizations are taking up the work too.

The encouraging feature in connection with it all is that notwithstanding the inclination to "rest" when the time for spring work comes along our folks are entering just as enthusiastically into the real work as they did into the plans around the cosy fires in the winter time.

A tremendous duty is resting upon the enthusiastic home gardeners this year and they seem to realize it too.

Russia Is Sick

Late news from Russia while more encouraging, in view of recent happenings, is not calculated to inspire any great confidence that the Russian armies will soon be a fighting force of serious menace to the Teutonic Allies.

A splendid start toward the work of forming a permanent government for the Russian people has been made but the task the new cabinet faces is such a tremendous one and the temporary fabric is, of necessity, so frail, it is not remarkable that Russia's allies have fear that again it may prove insufficient for the tremendous strain to which it will be subjected.

The world can only hope for developments in Russia. At times the prospect may be brighter than at others but confidence can only come with consistent action.

In Russia men are more suspicious of each other than they are in any other nation. The common people have never been treated fairly by the autocracy, dishonesty and treacher has grown enormously in Russia and now that the common people are in control they are as distrustful of the autocracy as the autocracy was of them before the revolution.

It is going to take time for the agitators who have had no practical experience in governmental affairs to master the problems which confront them on all sides.

It is going to be a difficult task for the radicals to have confidence in the conservatives or even to have confidence in each other.

Russia is convalescing from the most terrific national convulsion in the history of the world and Russia is nationally sick and weak and a sick and weak nation can't fight any better than a sick and weak individual.

Poetry For Today

THE NEUTRAL.

Brethren, how shall it fare with me
When the war is laid aside,
If it be proven that I am he
For whom a world has died?

If it be proven that all my good,
And the greater good I will make,
Were purchased me by a multitude
Who suffered for my sake?

That I was delivered by mere mankind
Vowed to one sacrifice,
And not, as I hold them, battle-blind,
But dying with opened eyes?

If it be found, when the battle clears,
Their death has set me free,
Then how shall I live with myself
Through the years
Which they have bought for me?

Brethren, how must it fare with me,
Or how am I justified,
If it be proven that I am he
For whom mankind has died
If it be proven that I am he
Who being questioned denied?
—Rudyard Kipling, from "Sea War-fare."

Farmer Ends His Life.

Wapakoneta, O., May 18.—Samuel Monroe, single, after telling a neighbor the disposition to make of what few small articles of personal property he owned, after his death, committed suicide by shooting himself.

Killed by Fall.

Marion, O., May 18.—John Cratty had his skull fractured when thrown from a wagon and dragged forty feet by a frightened team. He died a few minutes after the accident, which occurred at the Cratty homestead, six miles south of Marion.

Toronto Editor to Speak.

Delaware, O., May 18.—James Alexander McDonald, editor of the Toronto Globe, will deliver the address at the seventy-third commencement of Ohio Wesleyan university Wednesday, June 13. The class to be graduated number 169. The baccalaureate sermon will be preached by President Hoffman on Sunday, June 10.

Adjutant General Wood's Statement.

Columbus, May 18.—Adjutant General Wood declared emphatically that neither he nor the governor cares who will be major general of the hoped-for Ohio division of national guard. "The only object of the governor and myself has been to assure that Ohio will have a division of its own when the national guardsmen are sent to Europe," he said.

Puchta Not to Run Again.

Cincinnati, May 18.—Mayor George Puchta has declined a renomination. It was tendered him a few days ago by the Republican executive committee. He says that his personal and business affairs are in such shape that he must decline. Among the chief reasons is the fact that his son has enlisted. This makes it necessary for him to give active attention to his business.

Deliberate Suicide.

Alliance, O., May 18.—Newton Hoover, seventy, farmer living west of Alliance, lay down on a log at his farm and ignited two sticks of dynamite under him in an effort to end his life. He succeeded, but burns caused when the fuse ignited his clothing did more damage than the powerful explosive. He roared to death, although portions of his body were mangled by the blast. Excessive drinking is blamed for his suicide.

Youth's Held For Girl's Death.

Dayton, May 18.—Following an investigation by the police into the death of Cora Carr, fifteen, George Kreutzler, eighteen, and Harry Wenz, eighteen, were arrested and bound over to the grand jury under \$3,000 bonds each. According to the police the youths were riding a motorcycle and had the Carr girl on the front, when the machine got beyond control and struck a tree. The girl's legs were broken, her skull fractured and neck broken. Police claim the boys abandoned her.

OFFER ALL STOCKS TO GOVERNMENT

By Associated Press Dispatch. Atlantic City, May 18.—War to the knife upon food speculators and all other public enemies who attempt to take advantage of Government and the people in the emergency confronting the nation was declared by the executive committee and the officers of the National Wholesale Grocers Association in emergency session at the Marlborough-Blenheim Hotel.

Thirty of the largest food supply dealers in the country, representing every distribution center from the Atlantic to the Pacific and from the Great Lakes to the Gulf, went into session.

Shortly after adjournment the executive committee dispatched to Washington an offer probably without parallel in the history of American business. It was a proffer to place the entire wholesale grocery supply of the country unreservedly at the disposal of the Federal Government without stipulation as to price.

The tender was wired direct to Secretary of the Navy Daniels and Secretary of War Baker. In substance it was couched as follows:

"Tell us what you want when you want it and where you want it and we will fill every order with the utmost possible speed. Detail as to price and payment can wait indefinitely. Everything we have is at your disposal."

GREAT HORSEWOMAN VISITS WASHINGTON ON NEXT TUESDAY

In line with their improvements in all departments of their exhibitions this year, Gentry Brothers Famous Shows, which will make their 1917 bow to Washington C. H., on Tuesday, May 22nd, have this year engaged Miss Minnie Thompson, noted blue ribbon winner at New York and other eastern horse shows, to ride their celebrated high school horses.

Miss Thompson, termed by Major General Leonard Wood, commanding the Department of the East, United States Army, whose horse, Corsair, she rode to a "win" in the jumping classes at the 1916 New York horse show, as "the ideal horsewoman, and most certainly the cleverest woman rider I have ever had the pleasure of seeing" adds to the famed Gentry group of menage and high school equine marvels her own trio of tangoing and waltzing animals, whose accomplishments are supplemented with posing numbers of surpassing beauty.

While the coming of Miss Thompson to the Gentry Shows undoubtedly attaches the leading American equestrian and woman trainer to the Gentry forces for this season, this fact is but an indication of the surprising additions to the arena program of these exhibitions, made in preparation for what is bound to be the most notable season ever achieved under the banners of Gentry Brothers. That the people of this community will find the Gentry Brothers Shows a revelation this year is confidently predicted by those fortunates who have been let into the "know."

In Social Circles

The beautiful country home of Mr. and Mrs. William Ashbrook on the Cedar Hill road was the scene of a very pretty nuptial event Wednesday when their daughter Miss Hazel Catherine Ashbrook and Frank Corwin Blue were united in marriage at half past eleven o'clock. Rev. John Hoppes of Washington C. H., uncle of the bridegroom, officiating at the service.—Chillicothe News-Advertiser.

Mrs. Fred D. Woodard entertained eight little people accompanied by their mothers, with a pretty afternoon party in honor of the second birthday of her little son Frederick Jr.

The children enjoyed the afternoon in merry play on the lawn. There also was a birthday cake, ice cream and candy, which completed the children's happiness.

The small guests were Helen Louise and Judith Ann Jackson, Martha Love and Eleanor Hitchcock, Margaret and Mary Alice Toops, John Arthur Leland and George Sheets Jr.

The Staunton W. C. T. U. with representatives from the Sugar Grove, Washington C. H., and Cooks unions, enjoyed a splendid session Thursday afternoon at the Staunton M. E. church.

There was a large attendance and the presence of the county president, Mrs. Alice Taggart, added to the interest of the occasion.

The church was beautifully decorated with large flags, jardinières of lilacs, and red, white and blue pennants, waving the news "Ohio is Going Dry."

Mrs. Charles Roberts, president of Staunton union, presided, and conducted devotionals after the singing of "America." Mrs. C. A. Safford offered prayer and Mrs. Taggart gave a select reading, "Prayer for Our Country."

Thirty girls and boys sang with fine enthusiasm temperance campaign songs. They were well trained by Mrs. Williams Craig.

Mrs. Homer Garrett and cunning little son Loren, played a pretty piano duet that delighted the audience.

Mrs. Taggart made an inspiring talk arousing fresh enthusiasm in the coming "Ohio Dry" campaign.

Mrs. Charles Ford contributed a beautiful piano solo. Mrs. Augusta Haines presented plans for flower mission day which will be held this year on June the eighth.

After dismissal by Rev. Sudlow, Mrs. Taggart tied the white ribbon which made him a young crusader on the arm of little Billy Sturgeon, son of Mr. and Mrs. George Sturgeon.

One new member, Mrs. Simon Van Pelt, was added to the union.

Mrs. Willard S. Willis filled the role of hostess charmingly to the Thursday Duplicate Bridge club Friday afternoon.

At a business meeting of the Ladies' Aid Society of Grace church Thursday afternoon the highly efficient president, Mrs. D. H. Rowe, tendered her resignation. It was accepted with much regret.

A committee to put in nomination officers for next fall was appointed. It

is composed of Mesdames J. H. Chapman; R. C. Peddicord; Ella Taylor; Sherman Murry; Sarah E. Sollars.

Mrs. Mina Rowe Morris took of the subject of "the nutrients" with a class of twenty women in the second lesson of the Domestic Science series Friday afternoon.

The relation of food stuffs in regard to their nutrition and costs was treated of to both the interest and instruction of the class. Beans, while high in price are rich in food value. So is cheese, and condensed milk is an excellent substitute. Generally foods that are high are out of season, but this year proves the exception to the rule.

Mrs. Rowe deplored the large amount of waste in the average American kitchen. She cited as one instance waste in potato peeling, the mineral matter next to the skin is an additional reason for thin paring. She gave many excellent suggestions for the saving of left overs by their utilization in soup and stews.

Mrs. Ralph Penn delightfully entertained the Thursday Kensington club. The large rooms were redolent with flowers from the Penn gardens and a dainty summer collation was served. Mrs. Eva J. Penn assisted in the hospitalities.

The pupils of Miss Golda Baughn and Miss Helen Teeter's grades at Central with their teachers are enjoying a picnic and supper in Willis' park this afternoon.

LINDSEY—JUDY.

Rev. Arthur P. Cherrington performed the marriage ceremony which united Miss Della Judy, the pretty young daughter of Mr. Charles Judy, of Columbus avenue, and Mr. Robert Lindsey, son of Mr. James Lindsey, of Madison Mills.

The bridegroom is a member of the National Guard and was with them on the border. Owing to the probability of the Guards being called into service soon, the future plans of the young couple are uncertain. For the present they are receiving congratulations at the home of the bridegroom in Madison Mills.

PERSONALS

Dr. Hugh Hildebrandt, of Ann Arbor, Mich., arrived Thursday night from a week's visit with his father, Mr. Henry Hildebrandt, in Wilmington, for a few days' visit with his brother, Dr. Paul Hildebrandt, and wife.

Mrs. F. M. Gibson is leaving her home near Springfield for an indefinite stay with her son, Homer, in Toronto, Canada.

Miss Eva McClure, of Bloomingburg is the week end guest of friends in Columbus to see "The Birth of a Nation."

Mrs. Frank S. Jackson and children, Helen Louise and Judith Ann, went to Springfield Friday evening to visit Mrs. Jackson's sister, Mrs. William Morgan.

Dr. and Mrs. Loring Brock are receiving congratulations upon the birth of a daughter at their home on Mar-

ket and Forest streets, Thursday afternoon.

Mr. and Mrs. Orme Brown, Mr. and Mrs. Sherman Murry motored to Columbus Thursday to see "The Birth of a Nation."

Mrs. Russell Townsley returned to her home in Lancaster Friday after a few days' visit with her parents, Mr. and Mrs. Bennett King.

Mr. and Mrs. Frank S. Jackson, Mrs. Arthur Leland and son John, and Mrs. Fred D. Woodard motored to Columbus Thursday to be the guests of Mr. and Mrs. Jack Squires.

Miss Flora Allen and Miss Forest Allen, of Milledgeville, leave tonight for Cleveland to attend the North Baptist National Convention.

Miss Mildred Kidd leaves Saturday morning for a few days' visit with Miss Leona Hamilton, in Xenia, and Mr. and Mrs. Arthur Finley, in Yellow Springs.

Mrs. J. L. Kelley was brought from the Protestant Hospital, Columbus, to her home in Milledgeville Thursday afternoon. Mr. Kelley and nurse, Miss Hattie Sheeley, accompanied her home. Friends will regret to learn that Mrs. Kelley shows very little improvement.

Mrs. Samantha Stover, who has been spending the past two weeks the guest of Mrs. Carrie Willis, returned Friday to her home in Milledgeville.

Mrs. Robert Zimmerman of Jamestown, visited her aunt, Mrs. J. L. Kelley at Milledgeville Friday.

Mr. Paul Zimmerman, football star of Washington Hi and Miami teams, left Friday afternoon for Fort Benjamin Harrison, having enlisted in the coast artillery. He expects to be sent to some artillery station in the very near future. Mr. Zimmerman now tips the scales at 200 pounds and his athletic training has been of untold benefit to him.

Mr. and Mrs. Cecil Cline are visiting in Cincinnati.

Mr. and Mrs. C. D. Snider and Mrs. James Thornton were motoring guests from Xenia here Thursday.

Mr. George Stouch of Circleville, was the guest of Mr. and Mrs. Wm. F. Jefferson Thursday night to attend the commencement of the Bloomingburg High School. Mrs. Jefferson accompanied her son, Mr. Carl Jefferson and wife back to Columbus for a visit.

Mr. and Mrs. Charles Pine are the guests of friends in Columbus.

PROMINENT ELK DIES EARLY TODAY

Mr. Roy Walker, prominent Elk and widely known citizen of Wilmington, died in that city Friday morning, following an operation for appendicitis. He had been ill one week.

Under the Willis administration Mr. Walker was a State Liquor License Commission inspector. He was 36 years of age, and leaves a wife and two children.

Funeral services Sunday afternoon will be under auspices of the Elks' Lodge.

BLOOMINGBURG COMMENCEMENT MUCH ENJOYED

The Presbyterian church at Bloomingburg, was crowded Thursday night when the class of 1917, Bloomingburg High School, presented a splendid commencement program.

The stage was elaborately decorated, with the class colors, purple and white predominating, and framing a class of five sweet girl graduates in filmy white dresses with the class flower the sweet pea, and five manly boys in dark coats and white trousers.

The Premier orchestra, of Columbus, opened the program with a brilliant grand march and played frequently during the evening.

The Reverend Mr. Kerr gave the invocation. William Purcell presented a very interesting Class History, and the Class Prophecy, by Leo Boggess, was highly entertaining.

The Class Will, a clever and witty production was given by the Class Lawyer, Robert Jefferson. Its fine delivery added to its presentation.

Miss Esta Henkelman, the honor pupil of the class, gave a Valedictory of excellent subject matter decidedly creditable to the bright young graduate.

Scott L. Rowe, of the Capitol College of Oratory and Music, delivered an inspiring class address.

The diplomas were presented by Supt. O. S. Thacker, prefaced by a fine little address of stirring patriotism that fired both class and audience.

Diplomas were presented to Esta Henkelman, Donald Andrews, Corinne Vance, Kathleen Parker, Pauline Hildren, Robert Jefferson, Thomas Parrett, Leo Boggess, William Purcell, Dorothea MacDowell.

NOW IS TIME TO JOIN COMPANY M

Now is the time for those who expect to become members of the Ohio National Guards to enlist, as definite announcement as to what the troops may expect was made today in the information that the Ohio National Guards will be mobilized July 15th and sent to some southern training camp for preparation for any service that may arise.

National Guard officers point out the fact that those who enlist before conscription becomes effective can do so as volunteers, and that 75 to 100 men are wanted by Company M to get preliminary training before the call to arms comes in July.

Recruits will find an officer on duty at the Armory on East Court street.

Washington, May 18.—A bill by Senator Pomerene of Ohio, giving the Inter-State Commerce Commission authority to deal with a freight car shortage by imposing its own car service regulations, was reported today by the Senate Inter-State Commerce Committee as a substitute for a similar bill by Representative Esch of Wisconsin, already passed by the House.

Senator Smith Gets in 11th Hour Clause.

By Associated Press Dispatch.
Washington, May 18.—After the army bill had been perfected in both houses of Congress today and sent to President Wilson for his signature, the Senate adopted an amendment to the war budget bill proposed by Senator Smith of Georgia to put conscription out of force for four months after the end of the war.

The Smith resolution had the support of all Senators that unsuccessfully fought the conscription plan and fought unsuccessfully to confine the new army to "the duration of the war" instead of "the existing emergency." To become effective, it must be accepted by the House and approved by the President.

Columbus, O., May 18.—Barring the unforeseen, Governor Cox will accept an invitation by Governor Arthur Capner of Kansas to speak at McPherson, Kansas, July 4, when a life-size equestrian monument to General James B. McPherson, an Ohio Civil war soldier, will be unveiled.

LANCASTER HAS JAIL DELIVERY

By Associated Press Dispatch.
Lancaster, O., May 18.—Huber Lindsay, ex-convict of Mount Vernon, O., and William Shafers, of Cleveland, arrested here for burglary, are at large today.

They escaped last night from the city prison by prying off a lock with a crowbar supplied by friends outside.

WHAT OHIO LABOR BUREAUS ARE DOING

By Associated Press Dispatch.
Columbus, O., May 18.—Division employment offices in Ohio, now numbering 21, which are conducted under the Ohio branch of the National Council of Defense, are serving to place hundreds of men and women in positions where help is wanted, according to Fred C. Croxton, chairman of the labor division. With the bureaus in full swing during critical crop periods farmers of Ohio should have no trouble in reaping the full benefit of their efforts this year, he believes.

A report for the week ending May 12, compiled in the central office in the state house here follows:

BURNING BOXES CAUSE OF ALARM

A pile of boxes which had been stacked against the outside of the rear end of the Powell Garage, was discovered to be burning furiously, about 12:40, Friday afternoon, and a fire alarm was turned in.

However the fire was under control before the department arrived, a small garden hose being used to extinguish the blazing heap.

Adjoining the burning boxes was a pile of ice cream tubs which would have been destroyed.

Fortunately all surrounding buildings were of brick and no damage resulted.

RUNNING DOWN DELAY OF CARS

By Associated Press Dispatch.
Columbus, O., May 18.—Daily reports by inspectors of investigations to find if railroads are delaying movements of empty and loaded cars for any and all purposes is the method the State Public Utilities Commission has adopted to further its campaign against a car shortage in Ohio this summer. The crusade follows a recent order to carriers to give coal and ore shipments preference over all other classes of freight.

Inspectors have been instructed to get first hand information by personal visits to railroad yards and not depend upon operating officials or records in offices of railroads for information. The commission in written instructions, says light on the subject can best be obtained from industries located on industrial and private tracks and from shippers who are receiving and loading freight on team tracks. Switching and freight crews, the commission points out may be able to give information about complaints they have against clerical forces of the railroads.

Shippers are being questioned as to whether they know of discrimination.

MANY STUDENTS ARE ENLISTING

Delaware, Ohio, May 18.—The Fourth Ohio Field Hospital is now being recruited at Ohio Wesleyan University by Dr. E. D. Postle of this place. About fifty men have now enlisted and many more have signified their intention of doing so since Col. Hall, a former Ohio Wesleyan student, designated his alma mater as the home of this new national guard unit.

Major Floyd Miller, who was with the hospital corps of the Fourth Regiment at El Paso, will command the college unit.

Over 300 men have already left the university for war service in munition, farm and army work.

BANKERS GIVE EAR TO M'ADOO

(By American Press)

Chicago, May 18.—Declaring among other things that prompt financial assistance to the allied governments may enable the allies to gain a decisive victory before an American army is sent to Europe, Secretary Treasury McAdoo delivered a speech here before financiers, bankers and business men, urging support of the liberty loan.

"Every man and woman who buys a liberty bond will contribute in the most immediate and directly helpful way to bring the war to a quick conclusion," Mr. McAdoo said. "No one can doubt the outcome of the conflict if the American people awake to the gravity of the situation and organize the mighty resources of the nation."

The secretary said it was difficult to make the country people understand that we are involved in the most colossal war of all time. It was no longer true, he said, that the best friends of the American people were the Atlantic and Pacific oceans. Submarines already had crossed the Atlantic and sunk vessels off our shores. All modern science had nullified space and no longer were we secure because of our isolation.

"If military autocracies can be destroyed the greatest menace to the world's peace and security will be removed," Secretary McAdoo said. "Already as a result of the war one great military autocracy has been destroyed—Russia—and on its ruins there has been reared the benevolent structure of democratic institutions. Germany and Austria are the sole remaining formidable types of military autocracies. They must be defeated in order that liberty and peace may no longer be imperiled. This is what the United States is fighting for—universal liberty. She has no selfish end to

serve; she has no hostility to the German people. The battle is with the system which is attaining the very vitals out of the German people—the Hohenzollern autocracy.

"If, as a result of this war, Germany shall become self-governed, the greatest achievement for the future peace of the world will have been recorded. But if the German military autocracy should succeed and dominate all Europe, then the issue will be reduced to a war between Germany, the supreme military autocrat, on the one hand, and the great republic of North America, the champion of liberty, on the other. No one can doubt the outcome of that conflict, if the American people awake to the gravity of the situation, organize the mighty resources of the nation, and equip themselves to conquer in a supreme struggle for human rights and liberty."

EACH MAN IS A BRICK IN WALL OF NATIONAL DEFENSE

THEY'RE ON GUARD—EVERY MAN A BRICK!

This picturesque flag, made of bricks, and its defender were photographed at an encampment of national guard soldiers "somewhere in America." The censor forbids publication of details concerning the men and the place of the encampment but he does not prohibit the assertion that these fine fellows are prepared and willing to fight hard for the flag.

The lower picture shows an exhortation to young men who are holding back from enlistment. It asks them to enroll among those who will be able to say in later years, "I went instead of 'I was sent.'"

THE SECOND LESSON MILITARY TRAINING AID TO THE INJURED

Mark Time.

Being in march; 1. Mark Time; 2. March. At the command March, given as either foot strikes the ground, advance and plant the other foot; bringing up the foot in the rear and continue the cadence by alternately raising each foot about 2 inches and planting it on a line with the other.

Being at a halt, at the command March, raise and plant the feet as described above. (SENNAM HALL.)

Half Step.

At the command March, take steps of 15 inches in quick time, 18 inches in double time, forward, half step, halt and mark time may be executed one from the other in quick or double time.

Side Step.

Being at a halt or mark time; Right (left) step 2 march. Carry and plant the right foot 15 inches to the right; bring the left foot beside it and continue the movement in the cadence of quick time. The side step is used for short distance only and is not executed in double time. If at order arms, the side step is executed at trail without command.

Back Step.

Being at a halt or mark time; backward march, take steps 15 inches straight to the rear. The back step is used only for short distance, and is not used in double time.

To Halt.

To arrest the march in quick time or double time. At the command Halt, given as either foot strikes the ground, plant the other foot as in marching; raise and place the first foot by the side of the other.

Forward March.

Arm Signals—Carry the hand to the shoulder, palm to the front, fingers and thumbs joined, straighten and hold the arm horizontally, thrusting it in the direction of march. This signal is used to execute quick time from double time.

Carry the hand to shoulder; thrust the hand upward and hold the arm vertically. Double time, carry the hand to the shoulder; thrust the hand upward the full extent of the arm several times.

First Aid to the Injured or Sick. The object of teaching first aid, or assistance of the injured or sick, is not only to enable one person to help another, but in some measure to help himself.

The purpose of these directions is to show how this may be done by simple means and by simple methods. It is a mistake to think that you must know many things to be helpful.

ful, but you must understand a few things clearly in order to assist the patient in the severest cases until he can be seen by the surgeon or those who are thoroughly trained.

TO CALL ARMY IN SEPTEMBER!

(By American Press)

Washington, May 18.—In response to a suggestion by Senator Jones of Washington, that the new selective draft army help harvest crops, Secretary Baker disclosed that it is not expected to call out the first 500,000 men before Sept. 1, because of "the depleted state of our supplies" and that there will therefore be no "appreciable interference with the labor supply of the country until that date."

After stating that the labor question was receiving serious attention from all departments, Secretary Baker wrote to Senator Jones:

"Owing to the depleted state of our supplies it will not be practicable to call out the first 500,000 men to be raised under the provisions of the bill now pending before congress until about September, so there would be no appreciable interference with the labor supply of the country until that date. When these men are called they will have to be continuously trained with the colors until they are sent abroad. As the period of training before they are sent abroad will be at the best all too short, in justice to the men it must be intensive and continuous."

It will require between 30 and 60 days after President Wilson signs the

TWO MOTHERS TELL

How Their Sickly Children Were Made Strong and Well.

"For six years our little girl suffered from a bronchial trouble, she had no appetite, could not sleep and was so nervous we had to keep her out of school. The doctors said nothing but a change of climate would help her. We were discouraged, when one day a friend asked us to try Vinol, and after taking six bottles she does not look like the same child. She has a fine appetite, is lively, healthy and well, and Vinol did it all." Mrs. F. E. Huxford, Iola, Kas.

Another child made strong.—"The measles left my little girl thin and delicate, and the doctor's medicine did not seem to build her up. I read about Vinol and got a bottle, and her improvement was rapid, her strength returned and she is now as well as ever." Mrs. E. Linot, Pittsburg, Pa.

We ask every Washington Court House mother of a frail, sickly, ailing child to try Vinol on our guarantee to return their money if it does not restore her child's normal health.

TAX INCREASE AUTHORIZED

(By American Press)

Washington, May 18.—Further heavy increases were written into the income surtax schedules of the war revenue bill by the house in the committee of the whole, after announcement by Democratic Leader Kitchin that Secretary McAdoo's latest estimate of one-half of the cost of the first year of the war, which the bill is intended to cover, would be about \$2,245,000,000.

The increases, 25 per cent on all the proposed surtaxes on incomes between \$40,000 and \$1,000,000, as reported by the committee, and a 45 per cent surtax on incomes in excess of \$1,000,000, as proposed by Representative Lenroot of Wisconsin, were included by a vote of 146 to 107. Representative Kitchin and others who were opposed to increased income taxes voted formally against the proposals, but previously Mr. Kitchin had declared on the floor that he did not see how any member of the ways and means committee could oppose them.

No attempt will be made in the house, Mr. Kitchin announced, to raise the total of the bill to \$2,245,000,000. It is probable, however, he added, that the total will be larger than the \$1,800,000,000 contemplated in the original measure, and if it is found that any more money is needed, another bill will be drafted at the next session of congress.

Many members believe further efforts to make the bill total \$2,245,000,000 will be made on the floor or in the committee. The committee will meet daily to consider changes in the bill.

Regardless of Secretary McAdoo's estimate, Mr. Lenroot announced he will seek to have stricken from the bill the taxes on light and heat. Opponents of the second-class mail rates increases also will continue their fight.

A statement prepared by a committee expert said that the surtax increases would add about \$66,000,000 to the total of the bill during the coming year. Statements on the floor as to the amount they would raise ranged from \$100,000,000 downward.

Representative Fordney of Michigan protested vehemently against additions to the income tax rates. He proposed a stamp tax placed on checks, which he said would raise \$1,000,000,000 a year. That would

TRAINING CAMP VERITABLE CITY

(By American Press)

Washington, May 18.—Complete plans for housing 22,000 men at each of thirty-two divisional cantonment camps in which the war army is to be trained have been worked out by war department officials, and construction work will be undertaken as soon as commanders of the military departments have designated the sites.

Twelve of the camps will go to the new southeastern department, commanded by Major General Leonard Wood, making 264,000 troops assigned to that department. Six camps will be established in the central department, six in the southern, three in the western, four in the eastern and one in the northeastern department.

There will be 2,000 buildings in each encampment. These will include quarters for officers and men, stables, kitchens, mess halls, bathhouses and storerooms, in addition to numerous structures for special purposes.

Columbus, May 18.—Taylor's Station, twelve miles east of Columbus, will get the Ohio-West Virginia concentration and training camp, if the board of regular army officers appointed by Major General Thomas H. Barry, Chicago, to select a site, takes the same view as the state committee appointed by Adjutant General Wood. This of course, all hinges on the question whether there will be a concentration camp in Ohio at all, except for temporary purposes. According to latest reports from Washington, all the big concentration camps are to be in the south. The Ohio national guard committee reported that in its opinion the best adapted site it has visited is the one at Taylor's Station. Everything about it is so well suited, it was said, as if the plot had been "made" specifically for the purpose.

HOME GARDEN SUGGESTIONS

CAULIFLOWER.

The cultivation of cauliflower is so precarious it is not recommended for the garden beginner unless he lives in a climate which is humid and cool in summer, says today's bulletin from the National Emergency Food Garden Commission of Washington, co-operating with this paper to induce general planting of food gardens this year.

Cauliflower does best in cool districts near large bodies of water. It is successfully grown on eastern Long Island and in the interior districts of Wisconsin and northern Michigan. The plants are easily stunted by hot, dry weather, and the heads will not mature properly if the weather is too warm.

The seed is quite expensive. The plant demands plenty of water—it is even sometimes advisable to irrigate by allowing water to flow between the rows. The plants, too, take up much room in the garden. They ought to set from 14 to 18 inches apart.

Early cauliflower seeds should be sown in hotbeds or indoor seed boxes and the plants set out in the garden as soon as the soil is warm. Care must be taken to harden off the seedlings by getting them accustomed to outdoor life before transplanting them. For late cauliflower the seeds may be sown in the beds between the dates of June 20 and July 11, but in hot climates these plants are likely to fail. Besides plenty of water they need constant and thorough cultivation with hoe or rake.

When the heads begin to thicken, the leaves should be drawn over the center and tied, to exclude the sunlight from the "curd." Care should be taken that the heads are dry when this is done, otherwise they are likely to rot. Also plenty of room should be left for the head to expand.

Harvest the cauliflower before the head begins to break up into separate clusters. This will be in 12 to 15 weeks after planting. The condition of the head can be seen by opening the tied leaves on the north side of the plant and looking in.

OPPOSE DIVISION

(By American Press)

London, May 18.—Leaders of the Irish Nationalists formally voted to reject Premier Lloyd-George's plan for a divided home rule in Ireland, but agreed to the suggestion that a convention of Irishmen be held to consider ways of self-government. The Irish Nationalist leaders have led the fight for home rule.

Both the Irish Nationalist and Ulster Unionist members of parliament held meetings to consider the home rule proposals made by the premier. The Nationalists were bitterly opposed to the elimination of six Ulster counties from the workings of the proposed home rule bill. Leaders of the Ulsterites said that no final decision had been reached at their conference because the situation was so full of difficulties. The action of the Nationalists may mean a continuance of the long political quarrel which has already cost so much bloodshed and suffering in Ireland.
